EDUCATION

Babu Banarasi Das Institute Of Technology And Management — Aug 2025
Bachelor of Technology in Computer Science — *Current GPA: 7.4/10.0*

SKILLS

Languages: Java, Python, JavaScript, Dart, C, HTML/CSS, Node.js
Tools: Git/GitHub, Android Studio, VS Code, IntelliJ IDEA, PostMan
Frameworks: Flutter, Django, React.js, Tailwind CSS, Bootstrap
Database: MongoDB/Mongoose, SQL, PostgreSQL

PROJECTS

BlogFlex | *Python, Tailwind CSS, Bootstrap, PostgreSQL, Git, VS Code* (View Project)
- Designed and built BlogFlex, a dynamic web application enabling users to create, edit, and share blogs across various categories.
- Implemented robust user authentication and authorization with multiple roles such as admin, author, and reader, ensuring secure and personalized access.
- Built an intuitive admin panel to manage user roles, monitor blog activity, and handle reported content.
- Ensured seamless user experience across devices with a fully responsive UI, leveraging Django templates and Bootstrap/Material UI.

AutoBot | *Flutter, Dart, Provider, OpenAI API, PostMan, Git, Android Studio* (View Project)
- Designed an intuitive interface using ChatGPT API for real-time, natural conversations.
- Integrated DALL-E API for creating custom AI-generated images.
- Implemented voice-to-text and text-to-voice for enhanced accessibility.
- Developed a responsive UI in Flutter, supporting iOS, Android, and web.

BitCoin-Ticker | *Flutter, Dart, Coinapi API, Git, VS Code* (View Project)
- Created a real-time Bitcoin price tracker using Flutter, offering live updates from multiple exchanges.
- Developed a Flutter app for tracking Bitcoin, Litecoin, and Ethereum prices across various currencies using the CoinAPI.io API.
- Integrated APIs to display up-to-date cryptocurrency prices seamlessly.
- Created a responsive and intuitive UI for easy navigation and price comparison.

EXPERIENCE

Flutter Development Intern | *Evening Coders* — June 2024 – Nov 2024
- Developed and integrated over 15+ pixel-perfect UI screens for the company's internal project using Flutter.
- Gained proficiency in Figma, enabling seamless translation of 80% of the app's designs into functional components.
- Streamlined user authentication and data storage, improving app performance and reducing response time by 25%.

Flutter Development Mentor | *Google Developer Student Club* — August 2023 – April 2024
- Mentored peers in the Google Solution Challenge under GDSC, guiding them on Flutter development and app-building best practices.
- Assisted teams in understanding and implementing Flutter concepts to develop innovative solutions for the challenge.

ACHIEVEMENTS

- Certified in **Google Cloud** through Google Cloud Career Practitioners Campaign organized by GDSC BBDITM.
- Solved over 250+ questions on Leetcode.
- Solved over 150+ problems on GeeksforGeeks in DSA.
